

# DENTALplan

expert and friendly care  
for all the family

We are pleased to welcome you to our practice as a new or existing patient.

We use the latest techniques in preventive dentistry in a friendly and professional environment.

Experience has shown that regular visits to the dentist are essential to maintain the health of your teeth and gums. This forms the basis of our philosophy to avoid problems later in life and keep your teeth looking their best.

#### **Emergency appointments**

Patients who are members of the Plan are entitled to necessary care and treatment in a dental emergency, both during and out of hours. If you need this service please call us and speak to the receptionist or follow the instructions on the answer phone.

## Enhance DENTALplan

To help our patients budget for dental treatment costs without compromising the quality of care we are pleased to offer our own dental plan which we believe to be the best way to make treatment affordable and give our patients greater freedom of choice. The benefits of our preventive approach include:

- Regular dental visits to keep your teeth looking their best
- Improved health of the gums – gum disease is the major cause of tooth loss
- Fewer fillings
- Less likelihood of a dental emergency
- Prompt treatment
- The latest techniques used for any treatment such as white fillings for back teeth, porcelain veneers and implants
- Personal care and attention
- Spreading the cost of care
- Access to the practice emergency service during normal surgery hours
- Peace of mind

## Plan for your health and confidence

The Enhance DENTALplan enables you to spread the cost of your family's essential dental care. This tailor-made scheme has been carefully designed to meet the needs of our patients and to reflect our preventive philosophy. It provides:

- Two routine check ups per year
- All necessary small radiographs
- Two periodontal assessments per year
- Oral hygiene and dietary instruction
- Access to our dental emergency service (fees apply)
- Access to our exclusive plan members' price list – discounts ranging from 5% up to 50% off our private fee on most routine treatments and some selected cosmetic treatments

## DENTALplan for Children – protecting their dental health

This plan gives children the foundation for strong, healthy, teeth and gums. In addition to the adult benefits listed above, children also receive fissure sealants (plastic coating) on all adult molars, special dietary and oral hygiene advice. One parent or carer must be on a plan for a child to be eligible. Children under 4 are free; for children aged 4–17, the plan costs just £7 per month.
